

What is Linspire?

Linspire is a cost-effective, Windows-like operating system for existing and new computer users who don't want to pay a higher price.

What can you accomplish with Linspire?

- Web browsing with popup blocking
- E-mail with address book and anti-spam
- MS Word Compatible Word processing
- MS Excel Compatible Spreadsheet
- MS Power Point Compatible Presentation
- Instant messaging (AOL, MSN, ICQ, etc.)
- Play DVDs, CDs and MP3s
- Burn CDs
- Play Games
- Connect with Windows networks
- Manage, Print and Edit Photos
- Manage all software updates with CNR
- Includes a built-in firewall for security

What are some of the benefits of running Linspire?

- Linspire is virus and spyware resistant.
- Subscribing to the CNR warehouse gives you access to thousands of software titles, most of which you can download for free!
- Linspire is far less expensive and more stable than their Windows counterparts.
- You can do many of the same things in Linspire as you can on your Windows machine!

About this CD: This CD will not install any software on your PC, instead it is a "Live" demo version of the Linspire O/S.
